Prism Services is Vancouver Coastal Health's 2SLGBTQIA+ Education, Information and Referral program.

We have many lesbian, gay, bisexual, trans, Two-Spirit and gender diverse patients and clients who access our services. Psychological safety awareness in working with 2SLGBTQIA+ people is so important to our work, particularly at a time when allyship is very needed.

This virtual session will focus on developing skills to work alongside our 2SLGBTQIA+ peers with respect and support and will cover many topics including terminology, discrimination and barriers, intersectionality and allyship.
