Debbie Sesula will present on the second part of Peer Drift exploring what it means to take a team approach and why that matters not just for the clients, but for the peer supporters too. We'll look at how working as a team can help prevent peer drift, what is needed for a team approach to work, tools to keep teams aligned, and strategies to address challenges that may arise.

**Please join Debbie for this interactive presentation on how the entire team can work together to prevent Peer Drift.**
